

Is it summer yet??

Feb. 2023

No, but that doesn't stop us from planning and preparing, and we're excited to be able to share the various programs we'll be offering this summer! (see below)

There's something for everybody, of almost all ages... *Individual, family, kid's, teens, adults, women.*

Are you or somebody you know going through a tough time?
Are you in need of some help and support?

If so, you might be **interested in participating!**

It's not too early to sign up for the programs that will most suit your needs. Please share these opportunities with others who you think might benefit from them as well!

Are you **interested in volunteering?**

If so, again, there's something for everybody! There are volunteer opportunities for all programs, as well as for ranch projects throughout the summer and fall, help needed with various special events, AND, if you don't live locally or you can't get around easily but would still like to help, we have any number of administrative ways you can help from your own home!

Please contact Sharron for more information, or visit our website for the Participant Registration forms and Volunteer Application. (links are below)

***Note: The times below are for the Summer Schedule. Please contact Sharron for available session times between now and May, and please note that women's fellowship is 1230-230pm through May, changing to 1-3pm in June.*

The Kid's, Teen's and Adult's Program will happen simultaneously, allowing for the whole family to participate and be supported!

Leah

Devotion by Leah Gibson (former youth leader at the Ranch)

In the Bible, it says that God is a Shepherd and we are the sheep. I like to look at it a different way. Since I'm so crazy
