IT ALL STARTED WHEN SHE CAME TO AN EVENT....

"I got introduced to the Ranch when a friend of mine invited me to join her for the Fall Festivities event. I was immediately struck by how welcome and comfortable I felt. I put my contact information on the sign in sheet and the following day I heard from Sharron. This too stuck me. We met for coffee the following week because I wanted to learn more about the work of this ministry.

After the Christmas event, where I again felt so 'at home' at the Ranch, I decided I wanted to sign up for individual sessions to work through some deep, unresolved issues. I felt like I'd tried everything else over the years, but this equine "therapy" was a new concept for me.

I've done 3 sessions so far and I can't say enough about it! I had no idea what to expect, but never in my wildest dreams would I have imagined that a horse could cut through the crap in such profound and personal ways that not once has made me feel 'less than'.

So much has been brought to the surface, faced and worked through, without having to talk through every painful detail. I am so thankful that my friend invited me to an event at the Ranch, because it has brought so much LIGHT into my life!
