

## The Son and Reins Ranch

January 2025

A new year is always a good time to reflect on what God has done and how far HE's brought us!

In this letter, I (Sharron) want to share some photos that show just how much growth, development and progress has been made on the property and the herd. These photos also represent the transformational process that God has done in the lives of the many participants HE's brought to us over the years! (it's just harder to capture that in a photo!)

When this ministry began 13 years ago, all that was here was an overgrown field that hadn't been used in years, along with a neighbor's four rescued horses. God showed me the potential in the property and also in the horses to be used for His work.

From the beginning, back in 2012, He has worked in amazing ways to bring about His vision for this ministry: *To see lives changed as people discover their God-given potential through equine-assisted activities.*

That little shack behind the house in the first photo is the current tack room! It was just a 3-sided run-in shed when we moved here in 1982. The horse is Snuggles, from my childhood. The second photo is the same building in 2023 with the stall and bathroom added!

Boaz, one of the 4 original horses with the ministry. He was way underweight and has string halt. With God's help, he's been transformed into the gorgeous boy he is today!

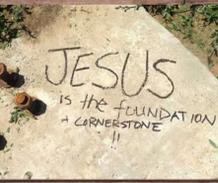

Quite a difference from 2012 to now!

2020, the foundation was laid for our barn! The entire foundation is covered with scripture.... Like the ministry itself, the barn is built on the Word of God!

What a difference between 2021 and now!

Some of you have journeyed with us and supported us since the beginning, and others of you have joined us along the way. To all of you, we want to THANK YOU for being part of the renewal, transformation and building up of the property, the horses, and especially the participants!
